

The Findley Foundation | Career Day at Miller Park: Sponsorship and Vendor Packages

Building lives, changing communities.

The Findley Foundation was founded by concerned individuals who work in the Construction, Finance, and Non-Profit; Political and Public Service Sectors. Sharing their passion for economic development, education and assisting the community.

The 1st Annual Career Day at Miller Park addresses the shortage of qualified applicants in the construction, technology and manufacturing industries in the state of Wisconsin. As an employer you will have the opportunity to showcase your company’s resource and job openings. Stephanie Findley shared at a recent event, ***“It has been my dream when we started The Findley Foundation to have a Career day that addresses building family financial stability by connecting individuals to living wage employment opportunities.”***

Please join us in kicking off this opportunity for hundreds of future job seekers. With our resources, we can keep pushing Wisconsin forward, building lives and changing communities.

Thank you for your consideration!
